NATURE NINJA PLEDGE

Show and tell the world that you are a Nature Ninja and inspire future generations of kids to become nature heroes – just like YOU!

I am a Nature Ninja and I'm on a mission to help make the world a greener place for all.

I know that my voice matters and that my actions can make a difference.

I promise to be a good friend to nature and help it to be healthy.

I will stick up for nature and show others how they can care for our planet too.

I acknowledge and pay respect to the First Nations people of the land on which I live, learn, play, and explore.

Together, we will walk gently on this land and take care of it for all who live here now and in the future.

I am a Nature Ninja and I make my difference by taking one small green step at a time to care for nature where I live.

You can be a Nature Ninja too.

Make your own Nature Ninja Pledge and get the accompanying Teaching Guide, along with other fun planet-protecting ideas, at www.nurtureinnature.com.au/books
